

# Petition to Reduce N.C. Veteran Homelessness

To Our Leaders in the General Assembly:

This petition seeks to provide North Carolina homeless veterans with long-term, permanent housing or shelters in order to help veterans avoid crime/recidivism, depression, substance abuse, and to provide counseling services to help them re-integrate into mainstream society.

We, the undersigned, urge our leaders to act now to provide additional funding to expand veteran services, which are not meeting the needs of those who served but now find themselves in dire circumstances.
