

# U.S. Support to the UN and its Reform Proposals

**Whereas** the *United Nations* (UN) is celebrating its 60th birthday, and

**Whereas** the UN has earned the respect and gratitude of millions of people around the world to promote peace, justice, and economic and social well-being, and

**Whereas** the UN depends on its members to authorize action and provide resources, and

**Whereas** UN Secretary-General Kofi Annan is recommending to UN members a substantial reform program, and

**Whereas** it is in the best interest of United States' foreign policy and national security to support these reforms and to maintain our financial support of the UN,

**We hereby urge President Bush and the U.S. Congress to support UN reforms, to provide full payment of U.S. dues and peacekeeping allotments, and to pay U.S. dues at the beginning of each calendar year.**
