

## Support Our Veterans—Bring Our War Dollars Home

We, the undersigned residents of North Carolina, call upon the United States Congress and President Barack Obama to make the care and support of our veterans a No. 1 priority. After more than a decade of war in Iraq and Afghanistan, tens of thousands of U.S. service members are suffering severe physical and mental health consequences. Physically altered, or bearing "invisible wounds" of war, the Costs of War are marching home. Please help our veterans and their families to transition and reintegrate into civilian life.

In addition, we particularly urge you to "Bring our war dollars home," cut spending for wars, and instead use those funds to meet vital human needs, promote job creation, rebuild our infrastructure, aid municipal and state governments.
